Posting Results

Results are posted to ACBL Live for Clubs, which shares them with the Common Game.

Reporting a 70% Game

Barry Brenner is the clearing house for 70% games. He will e-mail Ken Monzingo—kenm@kenmonzingo.com— of the Forum newspaper (with a bcc: to the Unit Webmaster, Ken Thompson—vbken@roadrunner.com).

For example: 73.02% Bob Bradish-Charles Clarke, Ventura Unit Bridge Club, Jul. 1
72.22% Saurin Chakrabarti-Jack Sonnenshein, Ventura Unit Bridge Club 299er, Jan. 29

1. ACBL-sanctioned game.
2. Minimum of 20 hands.
3. Minimum of 5 tables (unless >26 bds).
4. Qualify in your strat (or higher) only.

Reporting a 75% Game to the ACBL Bulletin

Barry will send notification to biggames@acbl.org.

The ACBL web site page:

http://www.acbl.org/clubs_page/club-administration/club-managers/

has the following instruction for reporting 75% (club) games to the Bulletin.

Big games must be reported to the Bridge Bulletin. These results are not automatically picked up from club files. The club director, manager or the players themselves may send a notice to biggames@acbl.org.

Requirements:

- 75% or higher scores in a club matchpoint game that is open or non-restricted. (For example, masterpoint-restricted games or country club games restricted by membership do not qualify. Nor do cruise games, sectional or regional games.)
- Five tables with at least 20 boards in play.
- Both players are paid ACBL members in good standing.
- A game recap must accompany the report — either via an attached text file or a permanent online link to where the results are posted.

Include: percentage (to 2 decimal places), players' names, name of club, and date of game.

Ventura Unit Bridge Club

Pre-dealt Hands

Before game time, each director will have pre-dealt the boards and placed them inside a board carrier. The pdf's for the TBT director to print hardcopy hand records are in the CommonGame

Dropbox. For most Unit-owned games the dealing file will be provided by the Common Game, but STaCs have their own hands and dealing files.

The Club Manager, who registers for the STaC and downloads both the PDF (Hand records) and PBN (dealing file) files, uses the CommonGame Dropbox to make them available on the Unit-owned laptop at TBT.

At TBT, each director is expected to use the Unit laptop and printer to print about 20 copies of the Hand Records and put them in the (black) sheath. On Saturday in Camarillo, the director prints about 12 copies of the Hand Records. At both sites, about half way through the last round, the hand records are put on a corner of the buy-in table.

Bridgemate II Electronic Scoring

Each director needs to have the Bridgemate software on his/her scoring computer. At Temple Beth Torah (TBT), the Unit's laptop could be used. Bridgemate software can be downloaded from <http://www.bridgemate.us>.

Club Games Financial Matters

During the game there should be time for the Director to handle the financial paperwork. The 1st order of business is to count the card fees and balance against the table count. Food donations are counted and reported on their own line. The Director's Game Report includes the Date, Day of Week, table count, free plays and more. At the bottom, the Director enters the total amount and signs.

After withholding your director's fee (\$8.50 per table, \$100 minimum), place the deposit amount and game report in the green or black, zippered money pouch from the (~~tem~~) money box in the cabinet. If Treasurer Charles Clarke or board member Rosemary Reitz is present, give the game report and money to one of them. At the end of the day, the money box is returned to the cabinet. On Thursdays at the Temple, the Treasurer gets the money pouch. In the absence of the Treasurer, another Board Member should take the money pouch.

Should you substitute on a Saturday, if a board member is present, you can ask if he/she will be able to take the envelope to one of the Temple games. If not, you'll have to make other arrangements to get the money & game report to the Treasurer or to the Temple.

Yearly (Club) Sanction Renewal

Each November or December, the Club Manager should renew the yearly sanction for each sanctioned session. (This yearly sanction fee is in addition to the \$1/table sanction fee for each game that is actually held.) On Tuesday, the **Newcomer** and Open game are a single sanction. On Wednesday, the **49er** game and the **1499er** game are a single sanction. On Thursday, the **299er** game and the open game are a single sanction. With the Saturday game, that makes a total of 4 sanctioned sessions.

For 2019, the fee was \$11.50 per session.

Special Games

Many special games do not require a special sanction. Among them are:

For each regular (sanctioned) game, may conduct 1 Club Championship per each calendar quarter.

For each regular (sanctioned) game, may conduct 1 **Club Appreciation** in October.

For each regular (sanctioned) game, may conduct 1 **ACBL Membership** per calendar year.

To win masterpoints, **both players must be ACBL members.**

Charity Games – ACBL Handbook Ch 4, Sec 6, VI

If hold \geq 18 sanctioned games/yr., must do 1 Charity Game for ACBL Charity Foundation. May then alternate succeeding charity games between local (IRS tax-exempt) charity & ACBL charity.

April is ACBL Charity month. Charity Games not allowed in Jan, May or Sep.

ACBL Charity games require paying an extra \$1 (or more) per person to ACBL.

	Effective 1/1/15
Jan	Junior Fund
Apr	Charity Month
May	Grass Roots Fund
Sep	International Fund
Charity games not allowed in Jan / May / Sep	
April is ACBL Charity month	

STaCs Special Sanction Required

STyymmnnnn

STaCs do require a special sanction, which is obtained by the club manager by logging onto the ACBL website. STaCs require paying an extra \$1 (or more) per person to the sponsoring organization, which could be a single District, a combination of Districts or the Western Conference (WC) [in May, Aug & Dec], which is a combination of about 7 Districts. D23/D22 STaCs are generally held in March, July and November.

Unit Championship Games Special Sanction Required

LyymmuuuA

Unit Championship games also require a special sanction, which the Club Manager applies for. There is a format specific to Unit game sanctions. Here’s an actual sanction for Unit 547 as an example:

L1505547B

Breaking this down, we have:

L yy mm Unit# alpha, where

L = a fixed character, i.e. always starts with L

yy = 2 digits for the calendar year

mm = 2-digit month number (leading zero if a 1-digit month)

Unit# = 3-digit Unit Number

alpha = an upper case alphabetic character, starting with A, as a sequence number within the month for the specific Unit

So, L1505547B = a sanction for a Unit (Championship) Game in 2015, the month of May for Unit 547 and it will be the 2nd such game in that month

Tu/We/Th games all start at 12:30 in the Recreation Hall. The director should arrive with a set of 3 facility keys between 11:30 & 11:45 to get coffee brewing and arrange the room. The brass-colored key operates all assembly hall doors and also the restroom doors in the building out the side door. (All of these doors must be locked when we exit for the day.) Mike Gaddis is usually there already and will have started the coffee and arranged the tables. For setting up and arranging the tables Mike receives a free play. If Mike hasn't accomplished these tasks, the director must do them.

1st Christian Church Table Layout

(not to scale)

The director must also ensure table markers, 4 bidding boxes and 4 reasonably sharpened pencils are on each table. Most supplies are in a locked storage cabinet just to the right of the entrance to the kitchen. Bidding boxes may be on the Storage Stage or across the courtyard from the main entrance. The small silver key opens and locks (often with a foot assist) this cabinet.

The director usually sets up her station—computer, printer, books, timer (from cabinet), etc.—at a banquet table by the entrance door. The buy-in table in front of the storage stage is stocked with convention cards, sign-up sheets for future games, flyers, quarterly schedule, the money box, and more. When the director has to make coffee and setup tables, it's often best to have one of the players take the money and fill in the table assignments, thereby earning a free play. If those tasks are handled by Mike Gaddis, who gets a free play for doing so, the director has time to take the money.

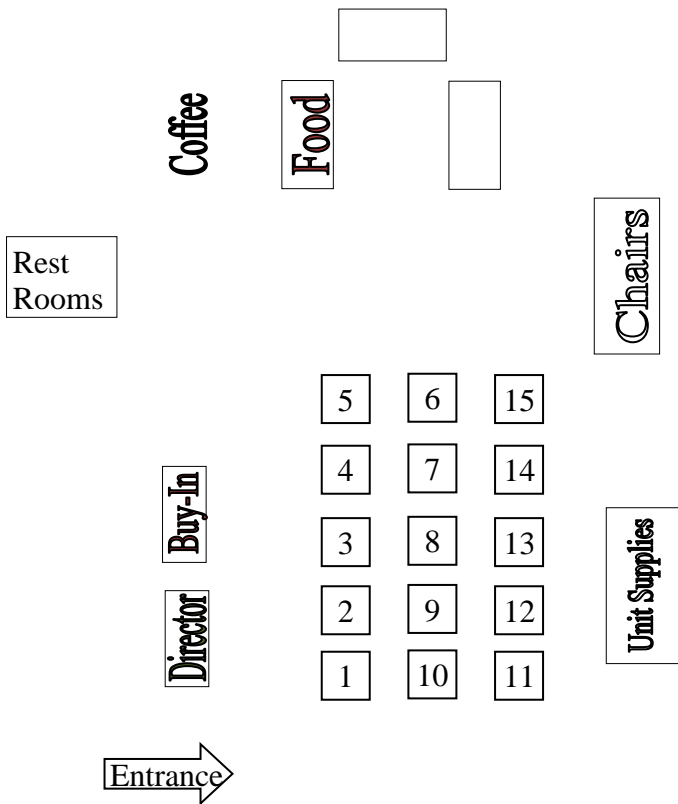

Tuesday & Wednesday the tables and chairs are left as is and the boxes with chair cushions and the cardboard boxes holding the bidding boxes are stored on the stage. On Thursdays, the tables are taken down and stacked on the storage stage. The bidding boxes are transported on the aluminum cart out the entrance door, then across the courtyard and stored in the floor-level white cabinet on the immediate left when you enter that room. The large silver key works that door. [Note. Many of the locks work in a counterintuitive direction.]

The Saturday game starts at 11:30 **A.M.** A facilities staff person will open the entry door about 10:10 **A.M.** We need to exit the building by 3:00 P.M. if possible, to minimize the room charge. The facility staff will lock the doors.

The facility staff sets up and arranges the tables Friday afternoon. The staff is responsible for taking them down. That leaves the usual coffee-making and other setup preparation for the director.

Supplies are in a metal cabinet between the “buy-in” table and the bingo stage. There are 2 cabinets. The Pleasant Valley club has the leftmost cabinet; the Ventura Unit has the rightmost cabinet.
