

## **I Hate My Job Remedy**

When you have an “I hate my job” day, try this. On your way home from work, stop at your pharmacy, go to the thermometer section and purchase a rectal thermometer made by Johnson & Johnson. Be sure you get this brand.

When you get home, lock your doors, draw the curtains and disconnect the phone so you won't be disturbed. Change into comfortable clothing, sit in your favorite chair, open the package and remove the thermometer. Carefully place it on a table or a surface so that it will not become chipped or broken. Now the fun part begins.

Take out the literature and read it carefully. You'll notice that in small print there's the statement, “Every rectal thermometer made by Johnson & Johnson is personally tested.”

Close your eyes and repeat out loud five times, “I'm so glad I don't work for quality control at Johnson & Johnson.”

**REMEMBER, THERE'S ALWAYS SOMEONE ELSE WITH A JOB THAT'S WORSE THAN YOURS.**
