

Temple Beth Torah Parking

Our facilities use agreement with Temple Beth Torah includes not parking in the positions reserved for the Staff and leaving the “close in” parking for the members of the Temple, i.e. to park in the back of the parking area only. Additionally, we are required to enter the parking lot from Foothill Road to avoid creating congestion near the entry door.

Now, if you (or a passenger) has a handicapped placard, by all means, park in one of the designated Handicapped spots with the placard on display. If no spot is available, park close to the entrance (but NOT in a Staff spot), and be sure to have your placard displayed. All other bridge players should park in the “Bridge Parking” as delineated below by the red ovals.

The Unit Board thanks you for your cooperation.
